

## Artist of the Month—Arrachme

---

**“When science, senses and spirit converge, time expands into possibility.”**

Arrachme is an internationally renowned artist with current work in museums worldwide. She is included in exhibitions for specific worthy causes. Her consistently published award-winning series’ have a thread of peaceful energy and take you to that needed respite where time stands still. Not limited to galleries and events in New York, Monte Carlo, Art -Miami-Basel, South Korea, Portugal, England, etc., her work is collected privately. Additionally, she has developed an endorsed educational program which she offers online at [www.arrachmeart.com](http://www.arrachmeart.com) and teaches in person through “The Villages Enrichment Academy” as a way of giving back to her community. In classes she says to the students, *“It’s all about you, not where you’ve been or where I have been but the peacefulness that is in your heart. This is the place where I start and where I end. You are welcome to journey with me.”*
