

Artist of the Month—Darlene Hayes

I was born in St. Paul, Minnesota and grew up on a small farm. Not liking the cold weather of Minn., I moved to San Diego in 1960 and consequently raised three children. Later I moved to New York and lived there. It was not until 1998 that we moved to Florida where I lived in Harbor Hills for 17 years. Golf was my favorite pastime. We decided to move to the Villages in 2013. It was here that I discovered how much fun painting was and I have been doing it ever since. Taking various classes here has helped me develop as an artist. I am most grateful to all the wonderful teachers in The Villages and am pleased to share my accomplishments with you.
