

Artist of the Month—Roger Sherman

I was born in Iron Mountain in Michigan's upper peninsula and raised in the Dearborn area where I met my wife. I graduated from Wayne State University.

We had three children and I became a designer.

We retired and moved to Ft. Meyers for a few years and then moved to the Villages. My wife loved the landscaping.

I have always had a large interest in art, trying many mediums and processes before basically settling on painting.
