

Artist of the Month—Edmund Kyttle

Edmund Louis Kyttle, born in Forty Fort, Pennsylvania. I started to paint in first grade and continued to enjoy art painting and metal work.

In 1964 I joined the US Coast Guard and worked on Polar Icebreakers. I retired in 1988, and went to work for F,S&T. as a field engineer until 2017.

I started art classes with Pat Ford in 2015.

I love to paint.

I've been a member of VAL for 6 years. I enjoy painting seascapes, flowers, and brightly colored abstract shapes.
