My focus in art is color. I make art in many forms, but they all show my fascination with color. For many years I've made fiber art, also called art quilts. My first quilts were made to hang on the wall.

In the beginning to finance my art supplies, I made formal gowns for wedding parties and proms. Then I made custom bed quilts. Even colored glass calls to me, so I make

mosaics. They are like quilts, with sharp pieces. I always added colors to my collection with everything I sold.

Finally I needed a more direct way to experience my passion and I began painting. I have a lot to learn, but I have a lot of paint to use up!
