

About the Eisenhower Art Exhibit

The Villages Art League will showcase fine art paintings at the Eisenhower Art Gallery in the Halsey Room at the Eisenhower Recreation Center. The Recreation Center has great exposure and is a wonderful opportunity where artists may showcase and sell their artwork. This joint venture with the Recreation Department and The Villages Art League enables us to introduce our art to the residents of the Villages and public. You will see fine art from our members who are both experienced artists as well as beginners. As the oldest painting club in The Villages, we enjoy a comradely of painting together and sharing our love of art.

History of the Eisenhower Art Exhibit:

Hosting this new adventure with the Recreation Department, the Art League celebrated our 25th anniversary by featuring art work of our past Presidents at the Inaugural Art Exhibit on August 20, 2014. The Villages Art League showcased the artwork of 10 past Presidents living in the Villages, starting with Eleanor Simmons as President and founder of the club in 1989 and then more recently from 2001, up the present day (2014), as a way of showing our appreciation for their contribution to the Art League.

Under the gallery tab you will find photographs of the exhibits, starting with the Inaugural Exhibit and Reception on August 20, 2014.

Information is available on The Villages Art League website with the entry form and rules for entry under the Art Shows tab.

Dates of the new exhibits for 2022 are January 10, March 14, May 9, July 11, September 12, and November 14
